Ages and stages questionnaire pdf 22 months

A parent-complete, Child-Monitoring System that shields children and children for development delays during the first 5 crucial years of life. Each questionnaire contains 6 questions each in 5 sectors (30 total questions) 1. Communication 2. Gross motor 3. End motor 4. Problem solving 5. Personal-social. The questions opened in the general section allow the caregiver to complete the questionnaire to share the concerns and feedback on the development and behavior of his child.
