Sheet music is the format where the songs are written. The sheet music begins with the paper by the white music staff composed of charts that have five lines and four spaces, each representing a note. The songwriters that make up songs in standard musical notation use the staff card to create the music of the sheet, which can then be transmitted to musicians who interpret the score for a musical performance. Today, making your music from sheet is easier than ever. With notation software like Final, or web-based Noteflight free service, anyone can turn their musical ideas into professional music sheets. Use Noteflight to start (see "Resources"). Noteflight is a free web-based music notation service that allows you to write, print and also save your sheet music as music files for playback. Create a Noteflight account and sign in to start creating your own sheet music. You can start writing your song immediately. Make any changes necessary to the key signature or time signature in the Score menu with the command "Change the signature of time" or "Change the key signature".
