Include the sound skills of your students with these simple tests. The student compartment every sound / word, one by one, so mark their answer, view the results to understand where a greater practice is needed. The JOLLY PHONICS LESSONS app contains sound screening control, the standard UK test for a child's reading capacity. The app also contains the test of the letters sounds, which allows you to test a student on every sound of the letters. I don't reproduce me very often. I think you're becoming a little small for me beacause I'm five years now. I have no other children to play with or show so, instead help my toys do it, but I don't think we'll keep it along. I also think it doesn't do it a lot. I don't even need an adult to help me, I'm in the year. The app loads and then select the type of test that takes you to an empty screen ???? something is very wrong? The selection of the type of test crashes the app and the results do not count correctly. It must be the best apps outside. The refund would be good.
