## Watch full pinoy movies online free

We've all been in this situation one or two thousand times: After dinner, the whole family gathers in the living room, which stands close to the fire, picking up some pumpkin cake and scrolling through streaming platforms and cable channels to find that elusive movie on which everyone can agree is the original "doomscrolling", but, if you prepare in advance, it should not be so this year. Whether you're celebrating the day with others in your home or having a virtual meeting through Netflix Party, we've rounded up 15 films chosen to help mitigate that day of movie-picking stress. From classics focusing on Thanksgiving to movies that capture a suitable sense for family holidays, fun and intimacy, these films are sure to excite even the most demanding cinema lovers. First on our list it is likely before on everyone's mind when it comes to appointing a Thanksgiving movie. Strangely, for all Christmas movies that flood our screens in December, there are really not too many films (quality) set against the background of Turkey Day. John Hughes' Planes, Trains and Automobiles is a striking exception to that strange phenomenon. Complimentary photo: Paramount Pictures/IMDb Protagonist of the ever hilarious Steve Martin and John Candy, this holiday comedy follows Neal Page (Martin), a rather high dress, and Del Griffith (Candy), a cute shower curtain seller, while boarding on a three-day odyssey to get to Chicago in time for Neal Thanksgiving dinner. This classic "to pair" formula holds — and, hey, we can all relate to travel plans that go to rolls, especially around the holidays. Now Streaming On: Amazon Prime Video, Sling TV, If there is one thing you can say about Peter Hedges' comedy-drama, it's agreat movie that leads to repeat the display every year. This is largely due to the star cast of the film, which includes Katie Holmes, Derek Luke, Sean Hayes, Alison Pill, Oliver Platt, John Gallagher Jr. and Patricia Clarkson. Our main character here is the owner April (Holmes), who struggles to prepare a thank you meal away from perfect for his foreign family. Its tasteful, Lower East Side apartment in Manhattan — with its non-functional oven — and a lot of other obstacles collected, making April day all more stressful. To make matters more neglected, April's mother, Joy (Clarkson), believes this is her last Thanksgiving because of her recent diagnosis of breast cancer. Both fun and amazing, the film has earned Clarkson both Academy Award and Golden Globe nominations — and it is easy to see why. Now Streaming On: Hulu, Amazon Prime Video, Sling TV. Few films in recent years have captured the dynamics of a family with such precision as The Farewell. When you look at it, you get a full sense of the characters outside the central plot of the movie. While this is not about Thanksgiving, she sees a family come together and navigate between them (often in conflict) needs in a way that makes her feel like a must-watch when she has gathered with loved ones. That is to say, we are happy to do it because Hulu released it the day before Thanksgiving and, when it comes to it, all the rom-coms wintry feel quite suitable for viewing Turkey Day, no matter what vacation they are actually located around. Here, director Clea DuVall makes yuletide (and gender) gay with a story based, in part, on her own experiences as a woman queer. courtesy photo: TriStar Pictures/Hulu/IMDb The film is the protagonist of Kristen Stewart and Mackenzie Davis as Abby and Harper family's home for Christmas. Abby, who is not a great holiday fan, is excited to meet Harper's parents — and even more excited to propose to the love of his life. The only problem? Harper is not outside his parents and wants to keep that part of herself hidden until after the holidays. Audacity from major shows from Aubrey Plaza, Dan Levy, Mary Steenburgen and Mary Holland, Happiest Season is a classic snapshot. Disturb the genre and face the beautiful horns coming with more shades than other movies, all hitting those Roma-com beats that are sure to make you smile. Time Streaming On: Hulu. Of course, football could be the official non-official sports of Thanksgiving, but a great sports movie is a great sports film, regardless of the field — or court — and Love & Basketball delivers. In addition to giving the public all the mustache and romantic high notes that might ask, this classic also provides emotions of sports movies and captures skillfully what it means to be a woman athlete. PhotosNew Line Cinema/IMDb It is this mix of athletic ambition, family romance beats and the way the film traces the life of itsmain characters who make Love & Basketball feel like a particularly chosen holiday clock. For his directorial debut, Gina Prince-Bythewood told Slate that "wanted to make a true love story with blacks. Not a romantic comedy, but the quy who destroys you and makes you go back." No doubt, Love & Basketball does this. The film retraces the relationship between Monica (Sanaa Lathan) and Quincy (Omar Epps), two children who love basketball, become rivals and then, during their lives, explore an on-again/off-again relationship. Who needs the Dallas Cowboys, right? Available now for rent on: Amazon Prime Video, Vudu, YouTube. Often, the sign of a great holiday film is a stellar set cast. On that front, Jodie Foster's house for vacation, which stars Holly Hunter, Robert Downey Jr., Anne Bancroft, Dylan McDermott and Claire Danes, nails. Based on a short story by Chris Radant, the Thanksgiving classic focuses on Claudia Larson (Hunter), who faces a series of unfortunate events at the head of the holiday. Not only does Claudia lose her job and kisses her ex-boss, but also discovers that her daughter has made separate Thanksgiving plans, leaving Claudia adrift and Chicago-bound. The only problem? As with all the holiday movies that are at the test of time, Claudia's family is rather dysfunctional — that is, bad to communicate. In the end, secrets come out, feelings are wounded and the hylary comes out. Standouts include Foster's direction, Hunter's charm, and Downey Jr's performance as Tommy, Claudia's gay brother and long-time confidant. Time Streaming On: Hulu, Starz, Sling TV. In addition to the classic hijinks, the special aims to tell a story of heart about friendship: Charlie Brown, Snoopy and other band members throw a thank-you dinner for Peppermint Patty after the baby Birkenstock-wearing is left home alone for the holiday. There is only something of a extended family meeting in a large, old house screaming "happy holidays" - although there is nothing remotely seasonal about the movie in question. This is the case of Dan in Real Life, a comedy-drama directed by Peter Hedges (Pieces of April). You can remember this film for its iconic poster, which features a glum Steve Carell using a pile of syrupy pancakes like a pillow, but if you have never managed to look at it in reality, now is the time. courtesy photo: Touchstone Pictures/Walt Disney Studios Motion Pictures/IMDb In one of his early dramedy curves, Carell plays Dan Burns, a recent editorialist and widower who takes his daughters on a trip to Rhode Island for an annual family meeting of his parents (Dianne Wiest and John Mahoney). Of course, Dan's other brothers are also present, including his perennial bachelor brother Mitch (Dane Cook). This strikes all the right beats, and, to be honest, there is an iconic Thanksgiving scene that presents a Ryan horrified supremely in a grocery store that deals with money woes and a hateful guy (Hanks). Tune in The Oath, a black comedy written and directed by the star of the film Ike Barinholtz. Without a doubt, this comedy film, built around a politically divided family, could only exist in a world where The Purge franchise exists — it seems a response to that horror dystopian series, but, you know, feared by great comedians like Barinholtz and Tiffany Haddish. courtesy photo: Attractions along the road/IMDb The premise is simple: In the near future, the United States government asks all its citizens to sign a commitment to fidelity. It is not a requirement, for if, but there is a strict deadline — Black Friday, the day after Thanksgiving. This provides the background for Chris (Barinholtz) and Kai's (Haddish) disordered Turkey's day meal.
